Greetings, to whom this letter may concern,

Please allow for me to introduce myself, Joseph Gimelli. Up until September 2005, I was the previous owner of a local business, Pietra Santa Winery & Vineyards, located on Cienega Road. In need of a 15,000 sq. storage facility to house and refrigerate my products, I approached Mr. Gordon Wynn, with Wynn Construction Company. In reviewing with him my needs, and the location of the project taking place on my property, presented promptly was a detailed project and expense report.

My opinion is based upon my satisfaction of the outcome of the project. I believe that Mr. Wynn's performance, and reliability being his attribute, and with out hesitation, extend to you my utmost recommendation of the quality of his workmanship.
